Payment of Fees Policy

BACKGROUND & AIM

Our Service is committed to providing quality education and care to all children at an affordable fee for families.

As an approved childcare service, Child Care Subsidy (CCS) is available to reduce fees to eligible families. Our fee structure is based on our ability to provide the requirements of the Education and Care National Law and National Regulations, Family Assistance Law, the Australian Taxation Office and guidelines contained in the Child Care Provider Handbook.

The purpose of this policy is for parents to gain a clear understanding of the Service fee structure payment requirements and Child Care Subsidy benefits prior to enrolment. This policy explains the process of fee payment and the necessity of ensuring children's fees are paid on time and consequences for failure to pay fees on time.

SCOPE

This policy applies to children, families, staff, management and visitors of the Service.

POLICY & PROCEDURES

Our Service aims to ensure families understand the fee schedule and payment process required for education and care to be provided for their child. We are committed to meeting our obligations to maintain financial integrity and comply with all Child Care Subsidy legislative requirements. We have effective compliance systems in place to ensure childcare funding is administered appropriately. Our Service ensures the confidentiality and privacy of all personal information provided to the Service about the enrolled child and family.

The fee structure of the Service includes:

Enrolment Fee & Bond Payment

- A non-refundable enrolment fee of \$33 is charged upon confirmation of enrolment, comprised of a \$22 admin fee and a \$11 annual membership fee. This fee must be paid prior to commencement at the Service.
- An enrolment bond consisting of 2 weeks full fee is to be paid to secure the child's enrolment at the Service at commencement.

- Any applicable refund of the bond will occur within 2-4wks after the final attendance fees have been billed, to allow for any CCS adjustments to be made.

Direct Debit Payment of Fees

- A direct debit form must be completed on enrolment.
- Any applicable fees associated with the use of the direct debit facility will be borne by the Service and not by the families.
- Nominated accounts will be direct debited:
 - weekly (retrospectively) for long day care attendance fees
 - at the commencement of each term, (in advance) for the Preschool service
 - when ad hoc charges are billed.
 - or when arrears are present.

General Fees

- Annual Membership – An annual \$11.00 is charged to each family for membership of the Association of the Armidale Montessori Preschool Inc.
- Maintenance Levy – \$25 per term fee is charged to all parents (per child) to levy the cost of necessary maintenance and repairs of the preschool.
- Working Bee Fees – Families will be asked to make a Building Fund Contribution payment of \$40 per term in lieu of taking part in regular voluntary activity at the Preschool (such as working bees, fundraising, maintenance job list items and promotional activities).

Long Day Care - Attendance Fees

- All children enrolled in long day care are required to pay for 50 weeks of attendance.
- Hours of operation are 7.30am to 5.30pm for a 10hr session and 7.30am to 4.30pm for a 9hr session.
- Fees are charged for each session of care at \$78 per day, irrespective of whether a 9hr or a 10hr session is accessed and at \$73 per day for families who are unable to access Childcare Subsidy due to their residential status.
- Fees are charged at full days only (no matter what the attendance hours are).
- Extra sessions may be offered to families if available within the Service's license.
- The Child Care Subsidy will be paid directly to the Service, and this is used as a fee reduction (visible on a family's statement).
- Families are required to pay the difference between the fee charged and the subsidy amount – the gap payment. The gap payment varies depending on the family's eligibility for Child Care Subsidy.
- Fees are charged retrospectively following the attendance week.
- Fees are to be paid weekly through a direct debit system. The family is required to provide banking details to facilitate set up of the direct debit account.
- If families wish to pay fees on a fortnightly or monthly basis, it is a requirement that the family pay in advance and are not in arrears.

- If the Service is directed to close due to periods of local emergency such as bushfire or flood or a pandemic, the Service will follow the industry/govt. advise in relation to the payment of fees.
- If the Service is in receipt of any Fee Relief funding to be passed on to families, this will be done in accordance with funding guidelines.
- Families will be issued with a fee statement (Statement of Entitlement) on a weekly basis in accordance with the fee payment and Regulatory requirements.

- Families must still pay the 'gap' fee to the Service if their child is unable to attend.

- the Service reserves the right to fill the child's spots during their absence.

Example 1 - where a child is absent from the Service for 9 weeks, their fees will be reduced for the first 8 weeks and then full fees would apply for the 9th week.

Sick Children Policy

BACKGROUND & AIM

Children come into contact with many other children and adults in the early childhood environment increasing their exposure to others who may be sick or carrying an infectious illness. National Quality Standards require early childhood services to implement specific strategies to minimise the spread of infectious illness and maintain a healthy environment for all children, educators and families.

We understand that it can be difficult for families to know when their child is sick. Families may experience problems taking time off work or study to care for their child at home. However, it is imperative that families preserve a focus not only on the well-being of their own child but also upon the well-being of other children and the childcare professionals at the Service.

Our Service aims to minimise the transmission of infectious diseases/illnesses by adhering to regulations and policies to protect the health of all children, staff, families and visitors.

At times, an outbreak of a new or 'novel' virus or infection, such as COVID-19, may require exclusion from the Service that is not specified in general exclusion periods for common infectious illness. Information, education and recommendations regarding any 'novel' virus will be provided by the Australian Government Department of Health and/or local public health units.

In the event of an infectious outbreak, our Service reserves the right to apply more rigor in the implementation of this policy and to broaden the definition of a sick child (if circumstances warrant).

The need for exclusion and the length of time a person is excluded depends on how easily the infection can spread, how long the person is likely to be infectious and how severe the disease can be. To protect the health of children and staff within the Service, it is important that children and staff who are ill are kept away from the Service for the recommended period.

Our Educators and Staff are not medical practitioners and are not able to diagnose whether or not a child has an infectious illness. However, if an infectious illness is suspected, our Service may ask the family to collect their child from care as soon as possible or not bring the child to care.

Management and Educators may request families seek medical advice and provide a medical certificate stating that the child is no longer infectious prior to returning to care.

Our Service has adopted the Staying Healthy: Preventing Infectious disease in early childhood education and care services publication recommendations, developed by the Australian Government National Health and Medical Research Council and the NSW public health unit to guide our practice in limiting the spread of illness and disease. We aim to provide families with up-to-date information regarding specific illnesses and ways to minimise the spread of infection within the Service and at home.

SCOPE

This policy applies to children, families, staff, management, and visitors of the Service.

POLICY & PROCEDURE

We aim to maintain the health and wellbeing of all children, staff, and their families, ensuring a healthy environment and minimising cross contamination and the spread of infectious illnesses by implementing best practice and high standards of personal hygiene within our Service.

We are guided by decisions regarding exclusion periods and notification of infectious diseases by the Australian Government – Department of Health and local public health units in our jurisdiction as per the Public Health Act.

Excluding children from the Service

- When a child has been diagnosed with an illness or infectious disease, the Service will refer to information about recommended exclusion periods from the Public Health Unit (PHU) and Staying Healthy; Preventing infectious diseases in early childhood education and care services.
 - the Service will display appropriate documentation and alerts for families including information on the illness/disease, symptoms, infectious period, and the exclusion period. (This information can be obtained from Staying Healthy: Preventing infectious diseases in early childhood education and care and Public Health Unit and Department of Health).
 - A medical clearance from the GP stating that the child is cleared to return to the childcare setting will also be required before the child returns to care.
- The need for exclusion and the length of time a person is excluded depends on how easily the infection can be spread, how long the person is likely to be infectious and the severity of the infectious disease of illness.
 - Refer to recommended exclusion period poster in appendix A (at end of this policy)
 - ***Diarhoea and vomiting*** – children will be asked to stay away from the Service for 48 hours after symptoms have ceased to reduce infection transmission as symptoms can develop again after 24 hours in many instances.
 - ***High temperature*** - children with a temperature above 38°C will be asked to stay home until 24hrs after the temperature has ceased. (In the event of a pandemic or outbreak of an infectious disease the trigger temperature will be 37.5°C).
 - ***Commencement of anti-biotics*** – children can only return to care after 24 hrs of starting the medication.
 - ***Suspected Covid-19*** - Children who have a suspected case and meet the criteria for testing (fever, cough, sore throat, shortness of breath) may be required to get

tested or self-test using a rapid antigen test (RAT). Any confirmed, symptomatic cases are required to stay home until symptoms are no longer present.

- If a vaccine preventable disease occurs in the Service, children who have not been fully immunised will be excluded from care.

Children arriving at the Service who are unwell.

Management will not accept a child into care if they:

- Are unwell and unable to participate in normal activities or require additional attention.
- Have a temperature or have had a temperature in the last 24 hours.
- vomiting and/or diarrhoea in the last 48 hours
- Have been started on anti-biotics in the last 24 hours.
- Have a contagious illness or infectious disease.
- Have been given medication for a temperature (Panadol etc.) prior to arriving at the Service.

Children who become ill at the Service

Children may become unwell throughout the day, in which case Management and Educators will respond to children's individual symptoms of illness and provide immediate comfort and care.

- Where supervision requirements allow, children who are unwell at the Service will be able to rest in a supervised area away from other children until parents or the emergency contact person is able to collect them.
- Educators will closely monitor and document the child's symptoms on the Incident, Injury, Trauma, and Illness Record.
- A child who has passed **two runny stools/vomited** whilst at the Service will be sent home and may only return after 48hrs of the symptoms stopping or once a doctor's medical clearance has been produced.
- Educators will take the child's temperature. If the child's temperature is **38°C** or higher, management will contact the child's parents/guardian/emergency contacts as soon as possible to have the child picked up (within 30 minutes). (In the event of a pandemic or outbreak of an infectious disease the trigger temperature will be 37.5°C).
 - Educators will monitor the child closely and be alerted to vomiting, coughing or convulsions.
 - Educators will attempt to lower the child's temperature by
 - Removing excessive clothing (shoes, socks, jumper, etc.)
 - Encouraging the child to take small sips of water.
 - Moving the child to a quiet area where they can rest whilst being supervised.
 - Applying a cool washer behind their neck and on their forehead (if required).
- Accurate records will be kept of the child's temperature, time taken, medication administered (if applicable), dosage, staff member's full name and name of staff member who witnessed the administration of medication (if relevant).
 - Complete Incident, Injury, Trauma, and Illness Record, ensuring the form has been completed correctly and signed by the parent/guardian/emergency contact upon collection of the child.
 - Complete an administration of medicine form (if relevant).

- Continue to document any progressing symptoms.
- Educators will thoroughly clean and disinfect any toys, resources or equipment that may be contaminated by a sick child.

Common Colds and Flu

The common cold or flu (Viral upper respiratory tract infections) is very common in children occurring 6-10 times a year on average with the highest number usually being during the first 2 years in childcare, kindergarten, or school. Symptoms may include coughing, runny nose, and a slight temperature.

In circumstances where a child appears to have cold or flu symptoms, management will determine if the child is well enough to continue at the Service or if the child requires parental care. As cold and flu symptoms are very similar to Covid-19, children with these symptoms may be required to obtain a RAT test.

Our Service aims to support the family's need for childcare; however, families should understand that a child who is unwell will need one-on-one attention which places additional pressure on staff ratios and the needs of other children.

Children who are generally healthy, will recover from a common cold in a few days. Keeping a child home and away from childcare, helps to prevent the spread of germs.

Influenza is a highly contagious illness and can spread to others for 24 hours before symptoms start. To prevent the spread of influenza our service encourages staff and children to be vaccinated once a year.

During an outbreak of a 'novel' virus or infection, such as COVID-19, our Service will implement greater rigor with respect to cold or flu like symptoms and may ask families to keep children at home until they are no longer symptomatic.

Returning to care after surgery

- Children who have undergone any type of surgery will need to take advice from their doctor/surgeon as to when it is appropriate and safe to return to care.
- Children will require a medical clearance stating the child is fit and able to return to the Service and participate in daily activities.

Notifying families and Emergency contact

- It is a requirement of the Service that all emergency contacts are able to pick up an ill child within a 30-minute timeframe.
- If the ill child is not collected in a timely manner, or should parents refuse to collect the child, a warning letter will be sent to the families outlining Service policies and requirements. The letter of warning will specify that if there is a future breach of this nature, the child's position may be terminated.

The NSW Public Health Act 2010 lawfully requires and authorises doctors, hospitals, laboratories, school principals and childcare centre directors to confidentially notify NSW Health of patients with certain conditions, and to provide the required information on the notification forms.

All information is held confidentially to protect the patient's privacy. Both the NSW and Commonwealth Privacy Acts only release/disclose patient information where it is lawfully required or authorised.

Management is required to notify the local [public health unit](#) (PHU) by phone (call 1300 066 055) as soon as possible after they are made aware that a child enrolled at the Service is suffering from one of the following vaccine preventable diseases or any outbreak of gastroenteritis:

- Diphtheria
- Mumps
- Poliomyelitis
- Haemophilus influenzae Type b (Hib)
- Meningococcal disease
- Rubella ("German measles")
- Measles
- Pertussis ("whooping cough")
- Tetanus
- An outbreak of 2 or more people with gastrointestinal or respiratory illness within a 48hr period.

Management will closely monitor health alerts and guidelines from Public Health Units and the Australian Government- Department of Health for any advice and emergency health management in the event of a contagious illness outbreak.

Management must ensure notification is lodged through the [NQA-ITS](#) of an outbreak of a notifiable illness or disease in the mandated time frames.

Parent/Guardian/Families Responsibility

To prevent the spread of disease, families are required to monitor their child's health and not allow them to attend childcare if they have an infectious illness or display symptoms of an illness.

For children who have ongoing medical needs such as asthma or anaphylaxis, parents should regularly review their child's health care action plans to ensure educators and other staff are able to manage their individual needs as required.

Families should implement effective hygiene routines at home such as regular handwashing and sneeze and cough routines (use of tissues, covering their mouth with coughing, sneezing into a tissue or elbow).

Families should notify the Service if their child has been unwell in the past 24 hours or someone in the family is/has been sick. This is particularly critical during a pandemic such as COVID-19.

Signs of illness in young children may include:

- Runny, green nasal discharge

- A child who has not been immunised will be excluded from the Service if a vaccine preventable infectious disease is reported within the Service community and that child is deemed to be in danger of contracting the illness. Please refer to our Control of Infectious Diseases Policy.
- Families of a child with complex and chronic medical conditions will be notified in the event of an outbreak of an illness or infectious disease that could compromise their health.
- Notification is made to the Regulatory Authorities within 24 hours of any incident involving a serious injury or trauma to, or illness of, a child while being educated and cared for by an Education and Care Service, which:

There may be some circumstances where this is compromised due to non-compliance with our policies and therefore the appropriate course of action could lead to the termination of a child's enrolment.

Withdrawal and Changes to Enrolment of a Child Policy

BACKGROUND & AIM

To enable our Service to meet legal requirements, fill positions and maintain financial viability, families are required to provide notice when withdrawing their child from the Service.

SCOPE

This policy applies to families and management of the Service.

RELATED POLICIES

POLICY & PROCEDURES

During the enrolment and orientation process families will be made aware of the Service requirements should they wish to withdraw their child from the Service.

Withdrawing a Child from the Service

- Families are required to provide management with two weeks written notice (using the Service's 'Change of enrolment form') when withdrawing their child from the Service.
- The form must state:
 - The date they are writing the withdrawal notice.
 - The child's last day of attendance
- Written withdrawal form can be emailed or handed to management.
- This form will be placed into the child's file and archived once they have left the Service.
- All records related to a child's enrolment will be kept securely until the end of 3 years after the last day of the child's attendance.
- If at any time during the child's enrolment it is felt that it is necessary to discuss the viability of the placement due to a concern regarding the duty of care to the child or other children in our care, the Service will immediately contact the Parent/Authorised Person/s to discuss all options. This may include the termination of the child's position (See *Termination of Enrolment Policy*).
- In the case of a Long Day care enrolment:
 - management will add an end date into the Service software program to ensure compliance with the Family Assistance Office and Centrelink.
 - Fees will be charged up to the end of the two weeks from the date at which notice was received in writing, whether or not the child has attended the Service during those two weeks.
 - A final account will be processed by administration. The final account will be issued to the family advising of the balance (payment is due or no payment due as applicable).
 - Families must ensure the account is paid prior to finalisation of enrolment.

- If payment has not been received, any applicable enrolment bond will be applied to the outstanding fees. If fees are still outstanding, subsequent to the application of the enrolment bond, the debt recovery process will commence.
- If the child does not attend during their two weeks of notice, Childcare Subsidy (CCS) will not be paid after their last day of attendance (including if the child does not attend on their last day) and full fees will be applicable (This is a policy of the Family Assistance Office in relation to Childcare Subsidy).
- At the end of the placement and if all criteria regarding fees and notice of withdrawal have been met, then the initial Bond payment made on enrolment will be refunded to the family within 2-4 weeks of the child's last enrolment day.
- In the case of a preschool service enrolment:
 - If the withdrawal occurs prior to the commencement of the 5th week of each Term, remaining Term fees will be refunded.
 - In the event the withdrawal occurs after the commencement of the 5th week of each Term, Term fees will only be refunded under extenuating circumstances. This decision will be at the discretion of the Director, in consultation with the Executive Body of the Preschool Committee.
 - A final account (if applicable) will be processed by administration and provided to the family.
 - Any applicable refund will be provided to the family within 2-4 weeks of the final enrolment date.

Changes to Enrolment

- Families are required to provide management with two weeks written notice (using the Service's 'Change of enrolment form') when requesting a change to their child's enrolment, such as withdrawal from enrolled days or addition of days.
- The form must state:
 - The date they are writing the change of enrolment request.
 - The requested changes
- The change of enrolment form can be emailed or handed to management.
- Any withdrawals from enrolled days will be effective 2-weeks from the receipt (by management) of the change of enrolment form.
- Any requests for additional enrolment days will be subject to availability and management discretion.
- This form will be placed into the child's file.
- All records related to a child's enrolment will be kept securely until the end of 3 years after the last day of the child's attendance.

Withdrawal from Care: (Prior to the agreed commencement date)

If a family has accepted the offer of a placement, then decides to withdraw from care before the agreed commencement date, the written notice period applies. If less than the written notice period is given prior to the agreed commencement date, full payment of the two weeks holding deposit/bond is payable to the Service and is non-refundable.

Continuation of an Enrolment into the New Year

- Prior to the end of each year, families will be provided with a form to confirm their child's continuing enrolment for the New Year.

- Failure to return this form may result in their child not being considered for a future position.
- Families with children going to school the following year will be required to complete a Change of Enrolment Form, providing 2-weeks' notice, and indicating the child's withdrawal from the Service.
 - The form must state:
 - The date they are writing the change of enrolment request.
 - The requested changes
- Families who require care in the New Year until the school year starts, will need to enrol their children in the Service's vacation care program. Any such requests will be assessed by management and subject to availability which will be confirmed in writing to families.
- The Complying Written Arrangement end date will be updated.
- Families eligible for Childcare Subsidy are responsible for ensuring that all information requested by Centrelink is provided to them in order to ensure no interruption to CCS payments.

Employees with Children at the Service

Employees are welcome to enrol their child/ren at the Service, however, if an employee is terminated from their position, the Service reserves the right to terminate the child's position due to conflict of interest.

14 Week Rule (CCS)

An enrolment will end for Childcare Subsidy purposes if a child does not attend a session of care at our Service for 14 continuous weeks.

This ensures that enrolments at our Service are current and do not remain open indefinitely in the Childcare Subsidy system.

Updating and Ending Arrangement and Enrolments

When the arrangement for care ends, the approved provider will update an enrolment notice in the Childcare Subsidy System within seven days of the change or event which caused the change to the arrangement.
